📍 Mumbai, Maharashtra, India (Open for relocation)

A self-motivated and enthused tech aspirant, proficient in HTML, CSS, and JavaScript, server-side programming like C, Python, and database like MySQL seeking a challenging position in a reputable organization where I can leverage my technical expertise and creativity to design and develop cutting-edge web solutions. My primary goal is collaborating with a dynamic team, tackling complex projects, and continuously enhancing my skills to deliver user-friendly web solutions. A free-minded, passionate, adaptive person who likes to stay updated with emerging technologies.
